The constant building program undertaken by successive Khmer kings can be compared favourably with the pyramid construction projects of the Pharaohs in Egypt. Similar to the Pharaohs, the Khmer kings made use of a vast force of slave labour. Each new "project" was made possible by the 750,000 people estimated to have lived at Angkor during the 12th and 13th centuries. Here, travellers will have experiences about Cambodian's Spirit value worth through Ancient Temples (worshipping Shiva-Hindu, or Buddha, Khmer Kings), the stately vestiges of Old Palaces, Royal Courts, ancient Terraces, Public Building, collapsed citadels and antique Towers.</p> <p>Our experienced tour guides will transmit you the most lovely aspects of Angkor Temples - during 25' by coach from the Airport to your luxury Hotel in the centre of town.
